# You know it, when you see it.

It's not just a roof. It's a CertainTeed roof.

Quality. Durability. Style. Color.

When you select a roof for your home,  
there's a lot to consider.

That's when a roof becomes more than just a roof.  
The same way a home is more than just a house.

You want the best for your home  
and everything in it.

So why guess, when you can be **Certain**?

# INDEPENDENCE<sup>®</sup>

with  
**STREAK** Fighter<sup>®</sup>

## Warm like wood smooth like slate

**Independence is unique  
and uncompromising.**

Its distinctive surface is the product of an unusual color blending process, but its underlying character comes from our patented Shangle<sup>®</sup> design, featuring a one-piece full-size base shingle, random laminated tabs and deep shadow lines for a dramatic, dimensional appearance no other asphalt shingle can claim.

And to ensure its longevity, a special formulation of embedded copper granules is warranted to protect your roof for a full 10 years against the streaking and discoloration that can be caused by airborne algae.

## specifications

- One full-size, fiber glass base shingle with randomly applied tabs
- Deep shadow lines and random tabs create a distinct dimensional look
- 250 lbs. per square

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

### **Fire Resistance:**

- UL Class A
- UL certified to meet ASTM D3018 Type 1

# Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

## WinterGuard®

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

## Roofers' Select® or DiamondDeck®

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

## Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

## CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business.

## Flat Roofs

Flintlastic roofing products are available for flat roof areas.

## Hip & Ridge Caps

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

## CertainTeed Ridge Vents

CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.

# easy selection

Add a little accent to your roof.

For a stylish finishing touch to cap hips and ridges, Shadow Ridge® accessory is available in colors to match your Independence shingles. CertainTeed Swiftstart is the recommended starter course shingles to be used with Independence.

## Color Companion Products™

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that match some of the most popular CertainTeed shingles. Ask your contractor for more information.

*Lifetime limited transferable warranty, including 10-year SureStart™ protection, is applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.*

*NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.*
